HYDERABAD NOT JOINING FEDERATION

Other States Pause And Hesitate

Out Of The Gloaming.

After having subdued the living in Germany by a dose of Nazi kultur, Hitler is turning to the dead. The Nazi braves have begun in a small way and graves have been broken open and remains of the dead Jews exhumed—all for the safety of the dead!

Since they have put into concentration camps thousands of Jews, Communists and Liberals for their own safety, the dead also should not be left without protection. At present they are only digging up the graves. They may hang the corpses presently.

History is on their side and they are marching back so rapidly, that they may outstrip even the Inquisition. Hitler will then be crowned as Germany's modern but Kultured Torquemada and his friends will have appropriate titles and funds to maintain their great positions.

Not only has the Soviet Party been wiped out, but the Nazi war chest is now overflowing with their funds! Conspicuous of funds is the order of the day, and in these days of financial depression a jolly good order too.

A Japanese aeroplane landed in Peking the other day to convey the Japanese Army's sympathy for the loss of Chinese lives! The report that Sir Harry Hoag intends to fly to Calcutta to convey his condolences to the parents of the men who lost their lives in the Andamans lacks confirmation.

But it is possible Sir John Anderson, the strong and cultured ruler of Bengal, may go to Chittagong and convey to the people there his sympathy in their sufferings under the present semi-martial law regime; or that Mr. G. S. Wilson may return to Bombay to sympathise with the victims of his lathi charges. Even O'Dwyer may crawl on his stomach to Amritsar in expiation.

These are only probabilities, but since Japan has set the example there are endless possibilities. The Japanese are notoriously courteous, and John Bull's jealousy is likely to be roused by the march the Japs have stolen on him.

The "process of thinking" is still going on in Dalal Street, according to plan, and now it is to be "honourable co-operation and nothing else." It is a great jump from the C. D. movement to co-operation! But then we are pathetically asked "Are not appearances proverbially deceptive?" They are.

Who can deny it when it comes from such a quick-change artist? This we are assured is "The Correct Stand." It must be, at least for to-day, for we do not know tomorrow's programme.

"Roy's Weekly" tells an astounding world that even Sir T. B. Sir Purshottandas and Mr. R. J. are seriously considering their position as they are not making any headway. Whoever said they were taken there for making any headway? Not Hoare, or even Churchill.

But the disturbing thing is that they may do something really "horrible and come back to Bombay and leave India to her fate! They need not be despondent, for their followers will wait for them with garlands on the Bal-

EVASIVE ISSUE UNTIL CONSTITUTION

Insistence On Inviolability Of Treaties

Princes' Memoranda Submitted To "Joint" And Witnesses Examined

LONDON, June 23.

Modifications and additions to the White Paper which the Standing Committee of the Princes Chamber consider essential for adequate adhesion of States is to be secured, were outlined by Mr. Macdonald Mahomed, Mr. P. K. Sen and Mr. Pannikar who gave evidence before the Select Committee yesterday.

The memorandum says that with proper safeguards Federation provides the most satisfactory basis for India's political evolution for which the White Paper provides constructive basis, but a revision and elucidation of this is necessary in certain respects.

The memorandum mentions in this connection a number of proposals on constitutional points affecting the States.

PROPOSALS. The proposals include a statutory provision rendering it permissible for States to enter Federation collectively through confederation, measures to secure weightage for representation of States in Legislature in the event of a bare minimum federating at the outset, prohibition of discussion of domestic affairs of State in the Federal Legislature and co-ordinate powers of the Upper House in voting supplies at Joint sessions.

Memorandum urges further examination of financial proposals. Insists on States' freedom from Direct Federal taxation and stresses inviolability of treaties. Suggestions on similar lines are made in a memorandum on behalf of the Government of Kashmir handed in yesterday.

PRINCIPLES AGAINST FEDERATION

Witnesses were questioned about the position if suggested modifications were not adopted. Mr. Mahomed said: "Our instructions are that most of Princes do not accede to Federation." Mr. Pannikar explained that these conditions were submitted as they were considered essential, but final decision must depend on the whole picture.

Representative of Kashmir stated that it would require to reconsider position if the White Paper was not modified. He expressed the opinion that the State probably would not federate if Corporation tax proposals were retained.

Mr. Mahomed mentioned that 40 of 109 Chamber members favoured confederation and said it was not opposed to Federation and was intended to be collective organisation to keep States together for an exchange of views with British Indian representatives.

HYDERABAD NOT TO JOIN? Sir A. Hydrabad made it clear that Hyderabad would not join the Federation but did not object to the option of joining being available to other States. Sir Akbar Hydrabad also pointed out that Hyderabad was not a member of the Chamber and had no voice in the formulation of the views presented on behalf of the Chamber. Kashmir representative associated himself with it.

POONA, June 23. Gandhiji is putting on weight steadily. He was this morning a little over 94 lbs. Mr. Aney and Mr. Rajagopalachari saw him this evening, as also Mrs. Naidu and had a short conversation with him.

Mrs. Naidu, according to the present arrangements, intends to leave Poona on Sunday next for Hyderabad (Deccan), if her health permits the journey.

Other Congress leaders are also expected to leave Poona shortly.—A.P.

NO FIXED DATE.

British Indian delegates inquired the approximate date when Princes would decide about federating. Mr. Mahomed said that it was impossible to reply until constitution of act was available but he thought it would not be long.

After that Sir T. B. Sapru remarked that it was vital for the British India question and suggested to witnesses to get instructions from India. Mr. Liaquat Hyat Khan intimated that the matter might be discussed between Sir T. B. Sapru and States delegates. "WE PREFER ILLS WE HAVE" Mr. Sachidananda Sinha, cross-examined, expressed the opinion that no section of India was prepared to accept the White Paper without modification. He said that it would make the position even worse than now. The country was expecting substantial reforms and unless Parliament was prepared to advance beyond the White Paper "we prefer illis we have."—Reuter.

BAN ON GOANS' MEETING

Police Chief Says It is Likely To Lead To Breach Of Peace

The following Order, dated June 23rd has been issued by the Commissioner of Police, Bombay:—

"A mass meeting of the Goans under the auspices of the Goan Union is announced to take place on Sunday, the 25th June, in the Instituto Luso Indiano Hall, Dabul. As I have reason to believe that this meeting is likely to lead to a breach of the peace, I hereby, under the provisions of section 23 (3) of the City Police Act, prohibit the holding of the meeting in the Instituto Luso Indiano Hall, Dabul, or in any other place within the limits of the City of Bombay as I consider such prohibition necessary for the preservation of the public peace."

UNWARRANTED BAN?

Bombay Goans Resent Appointment Of Emigration Fund Committee

GOANS INDIGNATION. The Police Commissioner's order banning the meeting of the Goans under the auspices of the Goan Union proposed to be held on June 25 is considered to be unwarranted by a large number of members of the Goan Community.

"Since the inauguration of the Emigrants Fund Committee," said one of them to a "Chronicle" representative, Goans in Bombay are divided into two camps. This Committee was appointed by the Portuguese Government. The Goan Union resented this action contending that they were the representative body of the Goans in Bombay and abroad, and as such they claim that the Emigrants Fund should have been given to them for control and distribution.

"Since then there has always been a dispute between the Goan Union and the Emigrants Fund Committee, and an agitation was being carried on for a long time by the Goan Union against the Government of Goa. Rupees seventy thousand are being given to the Emigrants Committee by Bombay by the Government of Goa to be distributed to the suffering and needy emigrants.

DOES NOT REPRESENT MASSES. "Since the appointment of the Emigration Fund Committee the Goan Union and the section of the Press which they control have been trying to show that the Emigration Fund Committee does not represent the masses and that the masses have no confidence in the Committee. The Emigration Fund Committee, on their part, have been systematically carrying on a propaganda, through the section of the Press which they control in Bombay, that the Goan Union no more represents the masses, and is in a chaotic condition."

DEGRADING ACT.

"Recently when the Portuguese Constitution changed hands, an act called the Acto Colonial was embodied in the Portuguese Constitution. This Act degrades the Goans to the position of mere savages such as those found in Mozambique and Angola, and imparts a status of superiority to the Portuguese Whites."

"The Emigration Fund Committee, appointed by the Goa Government, constitutes an act over the heads of the Goan Union, which, it is claimed, alone really represent the Goans. The Goan Union has moreover been several times recognised by the Government of Portugal."

U. P. ENGINEER'S "CONFESSION"

How His Love For New Wife Set Him To Plan Scheme

To Save Labour He Burns Poisoned Bodies Of First Wife And Children In Room

Rambharos Radhakrishna Misra, the Mechanical Engineer, who

was arrested on Thursday morning by the Suburban Police on suspicion that he had something to do with the house burning at Santa Cruz and was connected with the murder of his wife and children was placed on Friday morning before Rao Bahadur Kulkarni, Magistrate Bandra, charged with murder of his wife and two children, causing mischief by setting fire to a building and trying to do away with evidence of offence.

SUB-INSPECTOR'S STATEMENT.

Sub-Inspector Bhonsle, applying for the remand of the accused stated that a fire occurred in a building on Wednesday night at Santa Cruz and during the course of investigation it was found that the accused was the occupant of the building and was responsible for burning the dead bodies of his wife and children. It was further stated that the accused, who is believed to have murdered his wife and children, tried to destroy evidence against him by burning their bodies inside the house.

The Magistrate remanded the accused to police custody for ten days.

THE OTHER WOMAN.

The other woman who, it was stated in this paper, was behind this tragedy, it now transpires is one Nimrala whom the accused married only last year. Nimrala is said to be aged about 20, and comes of a rich family. Her father is a pensioner of the Nizam State and is living at Secunderabad.

ONLY TO SAVE TROUBLE.

In the statement that he made to the Police on Thursday Misra, it is alleged, confessed his having burnt the dead bodies of his wife and children. Questioned as to how they happened to die, he is stated to have said that his wife and children took some "Drakshasav" as they wanted some stimulant and immediately collapsed. Finding that they were dead the accused thought it best to burn them in the house itself instead of taking the trouble of

removing them to Sonapur.

LOVE OF SECOND WIFE.

He also stated, that he was married to Rania a few years ago and had four children by her. Last year he fell in love with one Nimrala and married her. Later she was taken to Dwarka, where he lived with both his wives and four children. A few days ago Rania left for her native place near Wardha with her last two children Kamala and Leela. The first two, both boys, lived with Nimrala and Misra at Dwarka. During his stay alone with his second wife, Nimrala, he is alleged to have fallen so passionately in love with her that he is believed to have come to the conclusion that he would not get complete marital bliss as long as his other wife lived. Having completely planned out his course of action Misra left Dwarka to Bombay leaving behind Nimrala and the two boys by his first wife.

PLANS EXECUTED. On reaching Bombay it is alleged, he stayed in Madhavashram, then rented a house at Santa Cruz, bought the necessary things for the completion of his plans, brought his first wife and two children from Dahgaon in C. P. on Wednesday evening, took them to the rented house, poisoned them and tried to burn them. While the house was on fire, he was arrested.

On Friday, after the remand was taken, Sub-Inspector took Misra to Bombay where the accused pointed out a firm, Messrs. Veeralal Mulji and Co., Mansoor Building, Princess Street as the shop from where he bought the poisonous drugs.

At the time the Police went to the shop it was closed. The accused then took the Police Sub-Inspector to a shop at Abdul Rehman Street where he bought the expanded wire gauze. The coal shop and kerosene oil shops at Santa Cruz from where he bought the coal and oil were also pointed out.

ACCUSED'S FATHER CALLED.

Savilam Pandya, the father of the accused who is at present at Belgaum has been sent for by the police. The Police expect further surprising revelations within the next ten days.

BANK PAYS RS. 505

Military Contractor Refuses To File Complaint

The accused was produced before Mr. Oscar Brown, Presidency Magistrate, Third Court, Bombay, on Friday on a remand application made by the Police.

TOOK LETTER.

It was alleged that the Controller of Military Accounts, Poona, issued a cheque in favour of a Contractor Mohomed Isak Sheikh Yusuf, residing at Karwar Street, Police Lines, Bombay. The cheque was drawn on the Imperial Bank of India, Ltd., dated 2nd April. The accused took delivery of the letter which was written in English and is alleged to have told his colleagues that he had received a cheque as a reward for services rendered by him during the war, in the Water Transport Division.

CHEQUE CASHED.

The Controller of Military Accounts advised the Contractor to file a complaint, but he refused to do so. The police on receipt of certain information suspended the accused from service.

On a complaint lodged by the Superintendent of Military Accounts, the accused was arrested. The Magistrate ordered the accused to be remanded into Police custody till July 7, in order to enable the police to complete their investigations.

KHETWADI LANE MURDER

Police Offer Reward Of Rs. 500 For Information

A reward of Rs. 500 is offered by the Commissioner of Police to the person or persons who give information leading to the arrest of the culprits responsible for the murder of the unknown woman whose body was recovered from two gunny bags on Wednesday morning in 13, Khetwadi Lane. So far no relative or friend has complained to the police regarding the disappearance of the unfortunate woman who was done to death in a most brutal manner. Investigations by the C. I. D. therefore have been retarded for want of identification. There are however two or three points which might materially assist the police in tracking the offenders.

Firstly, the gunny bags were almost new. Then these bags contained a few dry chillies and some grain seeds. The presumption therefore is that they must have been recently purchased either from a grain dealer or a "masalawalla". Secondly, the gunny bags were found at a distance of about twenty feet. They seem to have been thrown from a hack victoria and not a motor car. The police are making enquiries from victoria drivers and grain dealers and hope to derive some information from them. Thirdly, the bags were deposited in the street between 4-30 a.m. and 7 a.m. as before that time it was raining, and if they were thrown before 4-30 a.m. they would not have been found in a dry condition.

The police think that there may be a third bundle containing viscera which might have been thrown in some gutter.

LEADING WORKERS

Allegations Of Processionists Having Thrown Stones At Mills

Khanderao Atmaram Desai and Rudradutt Ramanand Bhargadwar, two labour leaders belonging to the Red Flag Ginni Kamgar Union, who were arrested on Thursday afternoon, while leading a procession of Mill-hands, were to-day placed before the Presidency Magistrate, Sixth Court, Mazagaon, on charges of being members of unlawful assembly and rioting.

Applying for remand of the accused into jail custody for a period of 12 days, the Byculla police stated that on Thursday morning the strikers in the Indian Manufacturing Company, numbering over 800, marched in a procession around the mill area. Arriving at the New Great Eastern Mills the processionists were alleged to have shouted for closure of the mill and indulged in stone throwing. Thence, they proceeded to the (Manchester Mills, where, it is stated they adopted the same procedure. Meanwhile, a posse of police under Inspector Nayampalli of the Byculla Police, arrived on the scene, and ordered the processionists to disperse.

The accused, however, took no notice of it and continued their march towards the Kaiser-Hind Mill. They were followed by the police who removed the Red Flag from the hands of the processionists. The procession was, however, ultimately dispersed and

NEW "SILVER ANNIVERSARY" EIGHT presents GOLDEN EXTRA VALUES

Who but Hupmobile—with its twenty-five-year-old reputation for pioneering the most successful advancements motordom knows—could so thoroughly adapt itself to the new order of things... the changed condition of the average purse and the unchanged taste for luxury, roominess, bigness, speed and power.

Hupmobile has met this problem brilliantly in the new "Silver Anniversary" Eight... which, for even less money, presents a car of astonishing bigness, length, speed and power. Its style is entirely its own. Original. Daring. Winner of Europe's highest style awards. What is more, this magnificent new Eight will give you longer service at lower upkeep cost and higher trade-in value than any previous Hupmobile—or present Hupmobile rival.

Dramatic new "Eight" highlights include aero-dynamic designed chromium radiator; longer hood with fashionable narrow cowl; new door-type hood louvers; safety glass windshields. Plus the exclusive Hupmobile features for controlling road-shock, eliminating "sidesway" and banishing vibration, that endow the Hupmobile with distinctive riding luxury. A Page About Pictures And The People Who Make Them

SHOWN ON THE SCREEN

"NO MAN OF HER OWN" AT PATHE

Pathe Cinema have changed their programme to-day and are screening a romance which will have a tremendous appeal.

"No Man Of Her Own" is a Paramount Picture starring Clark Gable with a very strong supporting cast including Carole Lombard and Dorothy Mackall. Dorothy Mackall has not appeared on the screen in Bombay for a very long time and was one of Bombay's star favourites. Carole Lombard plays a big part in "No Man Of Her Own" and her beautiful acting adds greatly to the attraction of the picture.

The story is a very strong one and although a beautiful romance it is full of solid clean humour.

Babe Stewart makes his living by fleeing wealthy acquaintances at cards. He has three assistants, Charlie Vane, Vargas and Kay. Every day Kay acts as decoy to rich business men, and poses as Vane's niece. While Babe is away on a trip, Kay meets Morton, a bank president. On Babe's return, a party is arranged, and a friendly game suggested. Morton loses heavily. When Babe tells Kay he is tired of his affair with her, she threatens to expose him. He is also threatened by Collins, a detective who knows about the crooked card playing, but cannot get Babe's victims to make charges—they generally fear the publicity entailed. Babe, however, thinks it wise to disappear for a time. He spins a coin to decide whether he shall travel by boat or train and when the coin says train, sticks a pin in a timetable. As a result, he travels to Glendale, a small town.

Here he comes across Connie Randall, the local beauty and librarian, with whom he falls in love and whom he ultimately marries.

Babe takes his bride to New York, but keeps his real occupation a secret from her. Connie thinks he works in the city.

BABE'S CONFESSION. Kay goes on a cruise with Morton, and Connie becomes the unwitting decoy at the card parties. After a time she becomes suspicious. One evening she sees Babe put a pack of cards in the table drawer, and secretly mixes them. When the visitors have gone, having won a good sum, Connie confesses to Babe. She tries to persuade him to give up gambling, but he says it is the only way he knows of making money.

Next day, Babe tells Connie he is going to South Africa but when she revs his sincerity of her love for him, Babe makes a sudden decision. After putting Connie on the train for Glendale, he tells Vane and Vargas he is not going with them. Vane decides to stay with Babe, who gives Vargas a packet of cable forms, with a list of messages and dates, and asks him to send them to Connie from Africa. Babe then goes to Collins and says he is willing to plead guilty to any charge involving a three months' sentence. When he has served his time, he means to go straight, and does not want any detectives trailing him. Collins arranges the matter.

When Connie set a cable saying that Babe is sailing for home shortly, she returns to New York. Kay calls on her and tells her where Babe really is. Kay is surprised when Connie confesses that she loves her husband in spite of everything. When Vane calls, Connie makes him tell her the truth about Babe. Vane tells her it was because Babe loved her

LOOKING SEVEN YEARS AHEAD

Thrilling Film-Drama Comes To Capitol

The writer of this article had a most unusual experience on Wednesday morning when he happened to be one of the favoured few representatives of the press who saw at the Capitol Theatre the year 1940 flash vividly before their expectant gaze.

This sounds very exciting, but the truth is that it was the occasion for the special showing of the Metro-Goldwyn-Mayer unusual drama, "Men Must Fight" which will be the attraction at the city's leading Talkie Theatre, the Capitol, throughout the ensuing week. The picture is so unusual and dramatic in its theme that even the wildest imagination could not but be gripped by all that is seen. The boys and girls of to-day growing up into a new age of unknown thrills and unknown dangers must be the source of great anxiety to their parents. But this fear on the part of mother and father can be relieved to some extent by knowing what the future holds for their offsprings.

"Men Must Fight" is a story told of the next generation and is an amazingly original romance of 1940, tender with the tears of a mother who clings to the past and bright with the excitement of youth in a generation of new morals, new courage! One is almost bewildered with the formidable array of questions that creep into the mind when seeing this picture. For instance: Will the woman of 1940 have a new code of sex morals? Will she have the tenderness of mother love? Will she insist on marriage? Will love be her deciding factor in dealing with the stronger sex?

DIANA WYNARD.

Diana Wynyard, the screen beauty of almost overnight fame, who gave such an outstanding performance in "Rasputin" and the "Empress" when recently shown in Bombay, appears with Phillips Holmes, the star of this thrilling romance of 1940, which is a film drama that entertains and at the same time stimulates feeling and thought.

It is one of the most unusual pictures Bombay has seen during the past years and will have a strange fascination to the public who are bound to flock to the Capitol. As a matter of fact the very idea of looking into the future is enough inducement to see "Men Must Fight," which should in our opinion draw packed houses and give rise to considerable discussion in Bombay.

so much that he wanted to get the mud off his shoes. Babe arrives, bringing several presents from South Africa that he has bought in a shop, and Connie lets him tell her all about his rough crossing before she tells him her great news—that they are soon going to be three in family.

Two very fine old favourite songs are sung by James Melton in one of the short subjects supporting this week's picture. Loves Old Sweet Song and "In Old Virginia".

Emil Jannings and Marlene Dietrich in the Ufa Superclassie "The Blue Angel", directed by Joseph von Sternberg, which is coming to the Excelsior Theatre to-day.

"BLUE ANGEL" AT EXCELSIOR

Emil Jannings, Marlene Dietrich and Director Joseph von Sternberg, the immortal trio of the Cinema world, have combined to create the "Blue Angel". A perusal of the Press opinions of London, Paris, and New York is distinctly an eye-opener. "Jannings is unique, there is no American Star and no English Star either who can be compared to him for a moment", says one leading journal. "The Blue Angel" will fill many cinemas for many months to come. Jannings I thought expressed more by using a handkerchief than most English Actors would have done had they talked for an hour, says the "Daily Despatch", London.

Marlene Dietrich, stepped from this picture right into the holy of holies of Hollywood. Emil Jannings' first English Talkie not only preserves his status of being the world's greatest emotional actor, but enhances it if possible.

The picture, which is to be screened at the Excelsior Theatre from to-day, will be the best remedy to remove the depression of the monsoon.

"LOVE LIES" AT EMPIRE

It is a well-known fact that laughter is the world's best tonic, and if film-goers are at all run-down a visit to "Love Lies" showing this week at the Empire Theatre will benefit them far more than a doctor's advice.

It stars the popular comedian, Stanley Lupino, and is directed by his no less famous cousin, Lupino Lane. The story is adapted from the musical play of the same name which had such a successful run at the Gaiety, London, and as may be expected from such a brilliant combination, the film is one long continuous roar of laughter.

The story which tells of two uncles, two nephews, a wife and a vamp, is developed on farcical lines, and these characters are swept along on the crest of uncontrollable circumstances, which, though undeniably drastic, supply the onlooker with continuous cause for merriment. In addition to Stanley Lupino, the cast of "Love Lies" includes such well-known names as Dorothy Boyd, Jack Hobbs, Blinnie Barnes and Sebastian Smith.

LAST WEEK OF "KID FROM SPAIN" AT WELLINGTON

United Artists delightful musical comedy "The Kid from Spain" which has been drawing packed houses during the past fortnight is now entering upon its third week at the Wellington Talkies. Dholi Talao. This is positively its last week, as another picture has already been booked for Saturday next.

Eddie Cantor has, by common consent, broken his previous records for popularity and has never regaled the cine-goers with such an inexhaustible fund of comedy and music as in "The Kid from Spain". The beautiful dances by scores of Hollywood's prettiest beauties, the thrilling bull-fighting scenes, and the final sequence of a gay festival contribute other attractions that go to enhance its charm. The delightful "Mickey Mouse" cartoon is a treat by itself.

"AFZAL" AT WEST-END

Ajanta Cinetone's first talkie "Afzal" or "Hoore Haram" is released this week at the West-End Cinema, Lamington Road. Mr. Bhavnani who has long been associated with prominent film-studios as a capable director has produced the picture on a lavish scale and has brought it to a high standard of technique and entertainment value. It is a sort of an "Arabian Nights" phantasy, the story having been written by the late Munshi Ab-basalli who has woven into it the romantic element, with a suitable blend or comic touches. Master Nissar who sprang to fame as a golden-voiced singer in "Shirin Farhad" and "Tella Majnun" plays the leading male role with his usual artistry, and is ably supported by a brilliant cast including Amina, Hasina, Advani and Kabuli, the last contributing many a comic situation. Another attraction is the gorgeous dances by Mrs. Young and her ballet which offer a rare artistic treat. The musical part has also been well-done under Mr. Hoogan, while the beautiful settings make an additional appeal.

Gark Gable and Carole Lombard in "No Man of Her Own," a Paramount Picture, commencing to-day at the Pathe Cinema.

"MAN FROM TORONTO" AT ROXY

The popular stage-play by Douglas Murray has been brought to the talking screen in "The Man from Toronto" which has been drawing appreciative audiences at the Roxy Cinema, New Queen's Road, since its release on last Thursday and is continued for some days more.

Jessie Matthews, the lovely star who scored such a big hit in "The Midshipmaid" has another brilliant success to her credit in a role that suits her "like a glove". Other splendid portrayals are contributed by Ian Hunter, Fred Kerr, Kenneth Kove and Margaret Yarde. The Director Sinclair Hill has skillfully preserved the continuity of the story, and has gradually evolved it to a surprising climax through many complicated and intricate episode.

The plot gets an exciting start from a will made by a Canadian millionaire who leaves a large fortune to his nephew Fergus on condition that he should marry Mrs. Lella Farrar, an attractive widow. The latter consents to the match as a means of her salvation, since she has been living beyond her means and is threatened with bankruptcy. The fun begins when the prospective bride goes to Fergus disguised as her own maid—a ruse she adopts to test his sincerity. Fergus is immediately fascinated by "Polly" the maid, and the whole society is scandalised. Further incidents ensue which carry one forward in tense excitement up to the last moment of the drama.

Khalil, Jamshedji and Mushtari play the principal roles in the film which deals with social topics including racing.

"Rukmini Haran" is making rapid progress under Mr. Sarpatdar. The indoor scenes are finished, and some outdoor shootings in the Kolhapur State will be taken shortly. A Hindi version of the same is being produced by Mr. M. R. Vakli. The cast includes D. Billimoria, Nagarkar, Datar and others.

Sati Anusya featuring Chanda and Mushtari is nearly completed and will be released at one of the cinemas in Bombay.

Mr. Chowdhary has started the "Temple Bells, Sulochana and Gulam Mahomed handle the leading roles in the film which has a story of appealing pathos.

"Bhakta Ramdas" in Tamil is receiving final touches at the hands of the Director Mr. Raja Sandow and will be shortly released in the Madras Presidency.

NEW INDIA MOVIE-TONE.

Mr. B. R. Oberai, B.A., LL.B., one of the pioneers of the film industry in the Punjab, has started a new concern namely New India Movie-Tone for the production of Talkies in Lahore. The first picture will be "Maharani".

Story has been written by Mr. B. R. Oberai, scenario by Mr. M. R. Kapoor, formerly chief scenario writer of Sharda Film Co., Bombay, dialogues and songs are from the pen of Wall Sahib.

Almost all the characters are being played by educated ladies and gentlemen, including Miss Lilavati, Miss Dil Niwaz, Miss Khurshid Akhtar, Master Sohan Lal, Master R. L. Beni, Master, Chuni Lal and Mr. Mukhtar Ahmad.

"Mountain Girl" has been started, but the exteriors cannot be taken before September due to the monsoon as all the exteriors of the picture, are to be shot on actual locations at various places in the Himalayas in the month of September or October.

9TH WEEK OF "SINHGAD"

The Prabhat Cinetone (Kolhapur) presents successfully for the 9th week an exceedingly enjoyable entertainment for cinema-fans of Bombay. It is a great historical drama nobly acted and magnificently staged. Mr. Bhoonsale, in the role of Tanaji, Shivaji's brave lieutenant, who sacrifices his life at the altar of his motherland and for the glory of his master, is the star-actor of the film. The rest of the cast is also a strong one and even the novice Miss acts a mind-ful part in Deval Devi. Miss Leela, with her record-able voice—for any voice is not so—plays the role of Kamalkumari, not designed but destined to be a tragic part, with care: a quality equally found in Master Vinayak, who is seen and heard with interest.

While a better 'Shivaji' would have heightened the picture hardly, there is a better scopped villain than Udaybhanu, a part excellently done by Mr. Pendhar-kar. Though the camera seldom overtones, the recorded music is in perfect overtone. The "Powada" (Ballad) song certainly stands for a chance in a historical picture and Totaram tunes it well with his inspiring, searchful, and thrilling gestures.

SCREEN TOPICS

Sylvia Sidney, who has just finished playing the heroine of Theodore Dreiser's "Jennie Gerhardt" is to appear as a hard-boiled New York girl in Paramount's "Desire". Also in the star-laden cast will be Miriam Hopkins, Fredric March and George Raft.

Roscoe Ates, the screen comedian with an impediment in his speech, has been banned by an American broadcasting station on the ground that his stuttering might be detrimental to children.

A screen "biography" of President Roosevelt, consisting of extracts from news films, is to be presented shortly by Universal under the title, "The Fighting President."

A Biblical picture, entitled "Two Thieves," and dealing with the story of the malefactors who were crucified with Christ, is to be produced by M-G-M. Leading parts will be played by Clark Gable and Robert Montgomery.

Dumas' great novel, "The Count of Monte Cristo," is to be filmed by silent versions of the story were made in 1913 by Paramount with James O'Neill in the leading role, in 1922 by Fox with John Gilbert, and by a French company.

An engagement is announced between Constance Cummings, the young Hollywood actress who recently described in Film Weekly her experiences at Eistree, and Benn Levy, the playwright.

NEW SERIAL REVIVAL

Carl Laemmle, by the way, seems determined to bring serials back to favour. He has just completed plans for the most pretentious programme of continued-next-week pictures for years.

Buck Jones, the popular Western hero, has been signed up for the first of them at a salary that makes him the highest paid serial star ever to appear on the screen, if the Universal City press boys are to be believed.

The story is to be Peter Kyne's "Gordon of Ghost C". There are three others on present schedule: "Phantom of the Deep", a submarine thriller; "The Adventures of Anne," which is described as a "musical mystery serial" and "Vanishing Shadow," based on a story by the late Edgar Wallace.

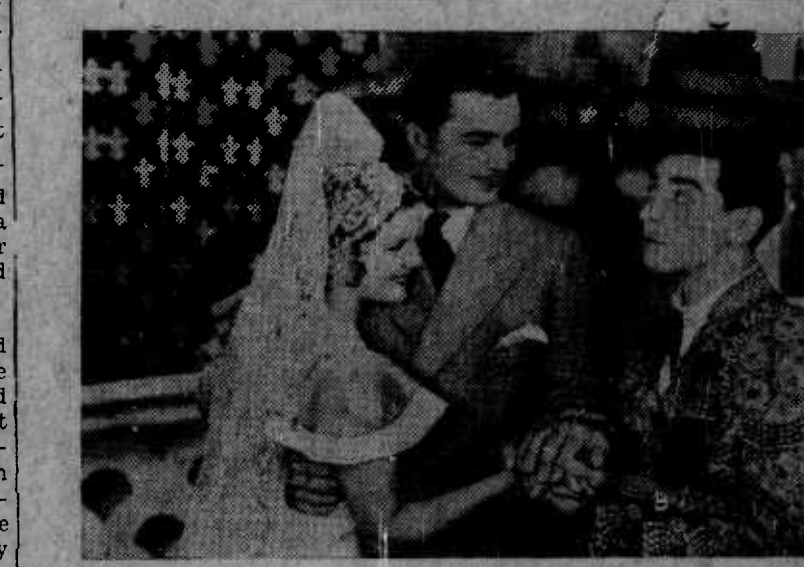

"PROSPERITY" AT CARLTON

Give Marie Dressler and Polly Moran something to fight about—and watch the laughs roll up. They're at it again—this time as mothers-in-law battling over the lives of their married children, in Metro-Goldwyn-Mayer's "Prosperity", now showing at the Carlton Theatre.

The heroines of "Caught-Short" and "Politics" have as many battles as of yore, but the battles are louder and funnier. Then, too, there is a dramatic twist in the new story, and Marie does some straight character-acting that tugs at the heartstrings.

There are howling incidentals, like the battle of the three rival Santa Clauses, the hilarious adventure in the grocery store, the comical battle that disrupts the wedding, and a tense, gripping dramatic scene. Sam Wood directed the production.

Anita Page and Norman Foster are ideally cast as the young couple, and the children are played by little Jacqui Lyn and Jerry Tucker. Charles Giblyn, Frank Darien and Henry Armetta contribute clever character comedy.

Eddie Cantor, Robert Young and Lyda Roberti, in United Artists' musical comedy "The Kid from Spain" now running its 3rd week at Wellington Talkies.

A Chinese "cavalcade" picturing the history of China for several hundred years is being planned by Douglas Fairbanks, who proposes to spend the whole of next year in the Far East supervising the production.

BABY LADY-KILLER. The Paramount people are looking for a new story for young LeRoy Winebrenner, the ten-months old "Monsieur Baby" of A Bed-time Story who has swept the women of the West End off their feet. His appearance on the screen almost throughout the picture must create a record for infant actors.

Baby Winebrenner, was chosen out of a thousand children tested for the coveted role, chiefly because he took an instant liking to Chevalier. It was Maurice who christened him "Monsieur Ba-bee"—the name which was subsequently used in the film.

In addition to a salary which the baby received during the production, the studio presented him with a bonus of £200 in the form of a life insurance policy which when he is eighteen will provide sufficient funds to take care of his college education.

He will also be given a print of the picture to show to his grandchildren. An unusual feature of his case is the fact that his mother was found to be only sixteen years of age—too young to sign the contract.

AND JANET GAYNOR TOO!

Another big star whose plans are keeping the gossips busy is Janet Gaynor. Not long ago I ventured the prediction that if the eternal Cinderella girl was involved in a divorce scandal she would take a quick bow out of pictures.

We have still to find out what the fans will be to her recent quite the reaction of the majority of amiable separation from Lydell Peck, which, of course, involved no public laundering of dirty linen. Judging by the reception State Fair has had wherever it has been shown, however, there are no signs of flagging loyalty among the great Gaynor public. But Janet's contract with Fox comes to an end in June and there will probably be some hectic bidding for her services and wistful beauty.

Next to Marie Dressler, she probably draws more money into the box-offices than any other star, and I know of more than one producer, who would be glad to offer her a great deal more than her present salary, which is something round £850 a week.

NOVARRO IN "ZENDA" AGAIN. That Ramon Novarro is to appear in an up-to-date version of "The Prisoner of Zenda," the film that made him famous eleven years ago, is an interesting announcement from Hollywood. The new "Zenda" will be produced by M-G-M, as a musical picture with a singing role for Novarro though it has not yet been decided exactly which part he shall play.

INSECT "MONSTERS" NEXT.

Insects as big as elephants waging a world war against mankind are Hollywood's latest idea for a spectacular horror drama. By camera trickery similar to that employed with such astonishing effect in "King Kong," real insects, enormously magnified, will take part in the picture with human players. One of these scenes, showing a man apparently devoured by a gigantic sea anemone, has already been completed. "The Land That Time Forgot" is the present title of this serial thriller, which has been devised by Stacy Woodard, a young nature cinematographer.

DON'T MURDER!

There is all the world over a Society for the Prevention of Cruelty to Animals (S. P. C. A.), but that Society has not thought of the huge slaughter of the Cod fish for the mere sake of Cod-liver Oil.

The discovery that Cod-liver Oil can be efficiently supplanted by a Vegetable plant grown in India was made by European Medical Men and Scientists of eminence but nothing was so far done in the East or in the West to market this most efficient substitute in the form of a scientific compound in order to oust Cod-liver Oil and its countless preparations.

For the first time in the history of Medical Science, this has now been done by the Juvenol Laboratories, Bombay. While the first two products put by them on the market have in rapid succession secured for them Gold Medals, the present product which has been aptly named by them "COD-LIVER OIL" is bound to win international approbation. "COD-LIVER OIL" contains the concentrated extract of the Vegetable plant in question with luscious Orange Juice as its vehicle. Another feature of it is that it is a synthetic compound, not derived from Cod-liver Oil, but derived by a synthetic process from unobjectionable material is incorporated in "COD-LIVER OIL". As a matter of fact, it is for the sake of this Vitamin "D" that Cod-liver Oil has become so famous, although all brands of that Oil cannot be said to contain a stable proportion of it. "COD-LIVER OIL" on the other hand contains per ounce not less than 3750 international units in an unvarying ratio. Another feature is that "COD-LIVER OIL" is also issued in a compound form under the name "COMPOUND COD-LIVER OIL" with the further addition of Eucalyptol, Quinine, and Potassium Guaiacolsulphonas to make it effective where Bronchial and Lung Complaints have persisted for a long time. "COD-LIVER OIL" is administered with Cod-liver Oil in such cases, but Potassium Guaiacolsulphonas is the safest form of Crocin and is well borne even by children. Quinine and Eucalyptol have, of course, their own specific actions.

It will thus be seen that while Cod-liver Oil has survived more vicissitudes in its long history of usefulness than any other curative and restorative agent, "COD-LIVER OIL" will eclipse Cod-liver Oil and its numberless preparations.

A 12 oz. bottle of "PLAIN COD-LIVER OIL" is retailed by all good Chemists at Rs. 2/12/- only, while the "COMPOUND COD-LIVER OIL" costs only 8 annas extra per bottle. The dosage, in either case, being only 2 to 3 teaspoonfuls, it is better and cheaper in the long run, all things being considered, than Cod-liver Oil which, with its contents of certain animal impurities, is admittedly repulsive and indigestible.

If in difficulty of obtaining supplies, please write to P. O. Box 4013, Bombay. If any Medical Practitioner is not aware of this preparation it is the patriotic duty of every reader to bring it to his notice and Vice Versa it is the professional duty of every Medical Practitioner to bring it to the notice of his patients. The responsibility of convincing the Medical Faculty that "COD-LIVER OIL" is not a "fake" preparation but one that is endorsed by Scientists and Medical Men is undertaken by the Laboratories. The reader will never regret if he clips out this cutting and saves it for future reference because, there will shortly appear a prize competition in which Rs. 1000/- can be won.

The local monetary situation largely accounts for the strength in the market although fresh investment enquiry is very small. 3-1/2 per cent. 1947-50 Loan was unchanged at Rs. 91-3 throughout the week. 4 per cent. 1960-70 Loan after declining to Rs. 93-14 from Rs. 94 improved and closed at Rs. 94-5. 4 per cent. 1943 remained in the vicinity of Rs. 100-5, and 1934-37 at Rs. 100-13. 4-1/2 1955-60 after opening at Rs. 101-13, lost about five annas to Rs. 101-8 but improved and closed at Rs. 101-10. 5 per cent. 1939-44 is almost unchanged at Rs. 104-3. 5 per cent. 1940-43 lost one anna to Rs. 104-7. 5 per cent. 1945-55 Loan improved to Rs. 110, while 1938-40 Loan remained unchanged throughout at Rs. 106-5. 6-1/2 per cent.

CURRENCY RETURN.

The Currency Return of the 15th June reveals some important changes in the composition of reserves. Silver bullion shows a fall of Rs. 636.45 lacs to Rs. 9.11 crores and probably represents the recent transfer of about 20 million ounces by the British Government to the United States in payment of War Debts. This has been replaced partly by gold bullion and partly by Securities in India. Gold to the extent of Rs. 245.33 lacs has probably been transferred from the Gold Standard Reserve held ear-marked in India in the Paper Currency. Securities have increased by Rs. 395 lacs to Rs. 43.98 crores. Notes in circulation on the other hand remain unchanged at Rs. 175.66 crores. The metallic reserve ratio to circulation is 71.95, as against 77.18 a week ago.

EXCHANGE.

The tone in the sterling exchange market was somewhat quieter towards the close, although rates were practically unchanged with sellers of ready T. T. and up to October at 1/6 1/32 and buyers at 1/6 1/16, except for the near position still quoted at 1/6 5/64d. A fair amount of fresh business for the export of gold was placed, but enquiry for remittances was small. At this week's bidding for sterling, Government allotted £355,000 at 1/6 1/16. The following are the forward rates:—June to Sept. 1/6 1/32.

The New York London cross rate was erratic but on the whole tended to depreciate moving between dol. 417-3/4 and dol. 419-1/4, and after a slight set-back to dol. 416 closed at dol. 421-1/2. Movement in the French franc cross rate were comparatively narrow ranging between 84.03 and 86.37, closing at 86 3/16. The Belgia is quoted at 24.26 and the Italian lira at 64.75.

Prices in the gold market were unchanged throughout, ready as well as forward being quoted in the neighbourhood of Rs. 30-3-0. Arrivals from upcountry continue fair and a fair amount of gold for export was sold both for ready and forward. The stocks on hand amount to about 4 lakhs tolas and the offtake remains unchanged at about 4000 tolas. In London the quotation for gold opening at 122s. 1d. improved to 122s. 2-1/2d. and closed at 122s. 3d. SILVER.

After a weak opening, the silver market assumed a steadier tone on foreign advices, but rates relapsed once again towards the close. The tone of the market still remains hesitant pending the final outcome of the talks about the rehabilitation of silver at the World Economic Conference. The price of ready after declining from Rs. 57 1/2 to Rs. 56 1/2, improved to Rs. 57 1/2, but declined and closed at 56-15. The daily offtake in the local market averages about 40 bars, but in addition about 600 bars are reported to have been called to Calcutta. The stock still amounts to about 10,000 bars. In Shanghai the dollar improved from 13-14 to 13-7 1/16, but eased to 13-1 1/16 at the close. In London the highest and lowest rates during the week were 19-14d. and 19d. for ready and 19-5 1/16 and 19-18d. for forward. The total imports during the week amounted to Rs. 4,580 in coin.

SHARES.

The share market ruled steady with a healthy undertone. There was a fair investment inquiry in all sections and despite weakness in raw cotton prices in the mill section were fully maintained. The following are the forward rates:—Bombay Dyeing Rs. 81 1/2—82 1/4—81 1/2; Century Rs. 256 1/4—258 1/2—253 1/2—256 1/4; Central India Rs. 343 1/2—345—341 1/4—344 1/2; Crescent Rs. 73 1/2—70; Fazlulhoor Rs. 381 1/4—387 1/8—385; Kohnoor Rs. 169 1/2—170—168 1/2; New Great Rs. 162 1/2—168 1/2—166 1/4; Pearls Rs. 225—233 1/2; Simplex Rs. 96 1/4—95—275; Swadesh Rs. 270—272 1/2—270.

The miscellaneous section saw an animated condition particularly the Tata Steel group and Cement shares. There was brisk buying in the former, Tata Iron Ordys show a steady tendency, the closing quotation being Rs. 52.14. The Deids, after opening at Rs. 220.10 improved to Rs. 222.10 at the close. Tata Hydros were almost unchanged at the last week's level of Rs. 146 1/4. Tata Power shares rose from Rs. 970 to Rs. 1000, with a slight set-back at the close to Rs. 993 1/4. Andhra Valleys likewise advanced to Rs. 1395 during the middle of the week, but closed a

Alcock shares declined to Rs. 177 1/8 and Bombay Burmahs after opening at Rs. 462 1/8, touched Rs. 468 1/2, but fell sharply at the close to Rs. 437 1/8 due to no declaration of interim-dividend by the Company. GOOD TRADE AND SPECULATIVE DEMAND

Prices Eased On Liquidation Due Weak Stocks

HOT DRY WEATHER CAUSES ANXIETY

Farmers Co-operating Acreage Reduction

Bombay, June 23. On Thursday the New York cotton futures market ruled firm during the early part on unfavourable weather reports and better spot demand. In view of large demand for cotton goods, mills were buying ready cotton and there was new speculative buying. The market remained firm throughout the day but later on prices eased off on long liquidation influenced by weakness of Wall Street market. The market opened at a rise of 4 to 5 points and in the absence of any selling prices, prices advanced 13 points over the previous close on reports of unfavourable weather and active buying. This level was the highest for the day and later on prices ruled quiet but steady and fluctuated within a narrow range. Towards the close, weakness of stocks influenced long liquidation and the market closed at a decline of 6 to 7 points for the near months while distant deliveries were relatively steady and closed at a loss of 2 to 3 points. There was some liquidation of July position. Spot cotton prices declined 5 points at 9.35c.

The New Orleans cotton futures market ruled quiet but steady and closed at a decline of 5 points. Spot cotton prices declined 5 points at 9.19c.

LIVERPOOL MARKET.

The Liverpool cotton futures market opened at a rise of 3 points on buying on high temperatures which was offset by weaker exchange. There was buying by local houses based on good outside markets. Later on some hesitancy regarding the exchange rate was evident and the market closed at a rise of 1 to 2 points. Middling American Spot cotton prices advanced 7 points at 6.23d per lb.

East Indian cotton futures ruled quiet but steady and closed at a rise of one point. Sakel Egyptian contracts closed unchanged to a decline of one point but Upers were steady and gained one point.

The Alexandria cotton futures market ruled steady and closed at a rise of 1 to 12 points.

BULLISH FACTORS

Private cables received here today state that excessive heat over the cotton belt is causing anxiety and farmers are co-operating the Government acreage reduction plan. Demand for cloth and yarn is very good and indicates substantial increase in cotton consumption. We think present prices safe to buy even if the market decline somewhat in the near future. American Government is determined to raise prices and Dollar Exchange is daily depreciating.

RISE AT ANY COST.

Messrs. Thos. Smith and Co. state:—

Unfavourable weather and a better spot demand were offset by July liquidation.

The American Government's anxiety to maintain commodity prices by postponing the stabilization of the dollar indicates the determination of the Government to raise prices at any cost. Advices from America state that farmers appear willing to co-operate with Government over acreage curtailment and also the opinion is gaining ground in Wall Street that commodities will eventually supersede foreign exchanges as a bullish factor for stocks.

We continue to advise purchasers as we believe much higher prices will be seen during the next few months.

GREATER CONSUMPTION.

In the course of a letter received by Messrs. Devkaran Nanjee, their New York friend state: "It seems wholly unlikely that this spurt of activity is a flash in the pan. The people of every country have been on short rations of cotton goods for three years, and as business revives under the stimulus of advancing prices the first expenditure of reviving purchasing power should logically be in clothing and household goods. It need not be feared that rising prices will restrict consumption, so long as they are general for they will be rebuilding business and creating new buying power. There is every reason to expect a greater con-

sumption when cotton reaches 12 cents than when it was 6 cents, for the producers will be able to buy their own produce again and more people will be at work in the industries and have money in their pockets. Can it be doubted that the time will come when consumption of American cotton will again exceed 15,000,000 bales annually?"

PRIVATE CABLES.

N. Y. October Highest 9.67 plus 13 at 11-22 a.m. Lowest 9.46—98 at 2-59 p.m.

Messrs. Sarupchand Prithraj have received the following cables:—

Liverpool.—Successful reception leasing and stabilization improbable near future indicates further advance ultimately.

Liverpool.—Expect inflation continue in D. S. A. Texas crop reports unfavourable.

New York.—Market affected unfavourably by decline in Securities; trading market likely pending definite advice concerning acreage.

New York.—Natural reaction owing to weakness in other markets and unwieldy long interest; Dollar weakness ignored; spot demand is improving; free export demand gut reaction may go further.

Messrs. Patel Brothers have received the following cables:—

10-49 a.m.—No precipitation, much warmer, excessive heat continues. Eastern belt generally fair; all balance of entire belt partly cloudy.

Another of they Liverpool friends cabled as under:—

"Cables indicate certain success in acreage leasing plans. Hot dry weather continues, causing increasing anxiety."

Messrs. Chunilal Mehta & Co. have received to-day the following cable information from their Foreign Friends:—

Liverpool.—Markets reaction. Bullish news disappointing and apathetic response reflects fears further depreciation Dollar due Washington's refusal stabilize.

American inflation may have deflationary effects abroad unless Dollar prices maintain upward trend.

New York.—Market firm mostly during day on good buying by trade and new speculative demand. Towards the close, market eased owing to liquidation induced by weak stock market. Advise purchases. Cotton goods market—yarn market—firm with small offerings.

New York.—Advance checked by late weakness stocks. Advices indicate farmers co-operating acreage reduction also crop progress less favourable owing absence rains Texas. Expect market work higher.

Messrs. Breul and Co. have received the following cable dated 22nd inst. (12-47 p.m.) from their New York friends:—

"Think plan to retire ten million acres likely to succeed, but doubt if Government want to see much higher prices at this time, therefore, would only buy on easy spots."

Further Drop In Burma Shares : Buyers Holding Aloof

Bombay, June 23.
The Share Bazar opened steady to-day but prices ruled easy on increased nervous long liquidation in Bombay Burma shares. The decline in Burma shares discouraged buyers and all speculative counters displayed weak tone. Buyers were holding aloof and in the absence of any support prices declined. Mill shares registered a decline of Rs. 5. Tata Steel ordinary shares were quoted at Rs. 52 1/2 while Dids. were done at Rs. 218 1/2. Bombay Burma shares opened steady at Rs. 441-4. Disappointed bulls were unloading their speculative holdings while there was some fresh selling in the absence of any buying prices dropped to Rs. 419. It is reported that still there is some long interest in this scrip which indicates further fears of unloading. At the moment the general feeling is against the market but lower levels are likely to attract more support. Later on Burma share rallied to Rs. 412-6.

Bombay Dyeings eased to 815. Fazuls were done down to 381-4 at the close. Pearls weakened to 228-12 and closed at 231-14. Nagpores finished at 342-8 and Swadeshi at 271-4. Andhras found sellers at 1380 at the close and Powers were priced at 986-4 for cash. Katni deferreds spurted to 1025, but Indians were easy at 260. Tata 2nd preference closed

SUPPLYING GIRLS FOR PROSTITUTION

Hindu Youth Jailed For 3 Months

A Hindu youth Rajaram Narayan with one previous conviction to his credit was sentenced to three months rigorous imprisonment for soliciting and receiving girls for prostitution by Mr. I. N. Mehta, Presidency Magistrate, Girgaum Police Court, on Thursday the 23rd June.

The facts of the case were that Mr. P. G. Naik, the worker of the Bombay Vigilance Association, received information in April last that the accused was taking customers to Khetwadi 10th Lane, was introducing young girls for immoral purposes to them and was taking Rs. 10/ for that. After necessary inquiries Mr. Naik placed the information in the hands of the Police.

Deputy Inspector Salaskar and Sub-Inspector Sawant of the Vigilance Branch of the Police accompanied by Mr. Naik sent a bogus customer whom the accused approached, took him to Khetwadi 10th Lane, brought a girl in a taxi and while receiving commission he was caught and put under arrest. The girl was sent to a Rescue Home.

The girl said in her evidence that the accused was often coming to her, was making appointments and introducing her to customers and was taking 25 per cent of the amount paid by the customers as his commission. The accused pleaded guilty and the learned Magistrate convicted and sentenced him as above.

Alleged Murder Of Business Kival

Four Men Stand Trial For Cutting Youth's Throat: Approver Relates Story

A murder case came up for hearing before Mr. M. A. F. Coelho, the Acting Presidency Magistrate, Dadar Police Court on Friday. The reader will recall that a gruesome murder was reported in these columns of a young Hindu whose body was found on May 14th floating in Timber Pond, Sewri, with his throat cut for ear and fingers of both hands bearing marks of cuts.

At the inquest further marks of injuries on breast were revealed and as no water was found in the lungs the Coroner's jury had held that death was due to the throat-cut.

In this connection the Police have arrested four men. They are Narayan Bhawoo, Bhagirathi Behari, Sahathi Sohani and Parsan Saikhu, the last of whom has turned an approver.

In his evidence before the Court, the approver gave a detailed account of how the murder was planned and executed. He said that while he was in his coal shop at Carpenter Street, Bhavoo the first accused came to him about a fortnight prior to the murder, and complained that Dayaram, the deceased who was formerly working in his coal shop, was taking away his customers.

Again, 10 days before the murder, Bhavoo came to the approver with the same complaint and suggestively remarked "Eskoo Khalas Karma Mangtha hai." Witness told him he would do nothing of the sort.

On the forenoon of the 3rd day the 1st accused came to witness's shop and offered him 20 rupees, asking him to accompany Bhavoo (2nd accused) when he came to him.

On May 13 last Bhagirathi came to witness and asked him to close his shop and go with him to Bhavoo's shop. He promised to meet the accused at the Round Temple after 8 p.m.

Previously the 3rd accused witness and the deceased had gone out similarly and had had drinks. This had been done to give the deceased the impression that they were all friendly.

They all went to a liquor shop at Duncan Road and Bhavoo stood the drinks. After this they went to Cotton Green by tram. They walked in the direction of Sewri and in half an hour gained the sea-shore. Here on a pavement they all rested themselves. Then the accused No. 2 suggested they might all lie down for a while

and soon the party was fast asleep.

Fifteen minutes later accused No. 2 woke up the witness and accused number 1 and 3, while Dayaram was snoring, and said to them "catch him." Bhavoo, thereupon, held Dayaram's legs, accused number 3 and witness pressed him down on to the chest and shoulder, and accused number 2 put his hand on the mouth and, drawing out a knife, cut Dayaram's throat. As Dayaram began to convulse accused number 2 asked witness to hold his hands. Whilst doing this the witness accidentally got a cut on his thumb from Bhagirathi's knife, which made him let go his hold. Dayaram now started making a gurgling sound in his mouth, when Bhagirathi dropped his knife and tried to gag his mouth with both his hands.

The dead body of Dayaram was lifted up by all and hurried into the Timber Pond. They all then went to a water tap and washing off the blood from their hands ran straight on to Sewri Koliwada. The crime was committed at about 11 p.m. and when they reached home it was midnight.

Two days later at 10 p.m. police came to witness's shop accompanied by accused number 2 and 2 other men, namely, Ramphal and Chahli. The police arrested him as well as accused No. 3 who was found sleeping inside the witness's shop.

Accused No. 3 was a servant of Seyad at Khumbarda coal shop where the deceased worked for 4 or 5 before he left a month previous to his murder.

The case is proceeding.

BOMBAY MUNICIPAL WORKERS' VICTORY

The secretary of the Bombay Municipal Workers Union informs that the ward officers of the A Ward ordered on 21st last only 25 out of 127 road workers to work and the rest to go home. The fortunate 25 protested and refused to go to work unless all were employed as all of them were workers of 15 to 20 years service at their disposal. In the afternoon the ward-engineer called two of the prominent Union workers and gave them to understand orally that the Deputy City Engineer has ordered him to dispense with their services by a twenty-four hours notice. The workers were adamant. Next day all were employed.

ENCROACHMENT STAFF AND SHOPKEEPERS COME TO GRIPS AT PAREL

Lathis Used In Struggle: Grave Allegation Against Municipal Employees

(From A Correspondent.)

On Friday morning there was a fight between the Municipal Encroachment Staff and shopkeepers on Elphinstone Road at Parel. The special feature of the Encroachment staff's activity this morning was that it was directed against the shopkeepers, while over a dozen hand-cart hawkers were left undisturbed on the road.

Most of the shopkeepers have been paying fees for stall boards abutting on the footpath, and have receipts for the same. Still their stall boards were removed by the Encroachment staff without caring to listen to what they had to say.

The Encroachment staff not only removed the stall boards but also removed the articles for sale there and in the shop and caused much damage in the process.

Anticipating trouble the Encroachment staff began to use their lathis from the top of their bus indiscriminately beating some passers-by and customers which naturally enraged the people. Some respectable people who went to enquire were also roughly handled.

COCOANUTS AS MISSILES.

In consequence of this aggressive conduct of the Encroachment staff there was a fight between them and the shopkeepers. Cocoanuts were used as missiles by both the parties.

The policy in this instance of the Encroachment staff's campaign against the shopkeepers, leaving alone the hawkers, has a story behind it.

Last month the Licensing Department of the Bombay Municipality issued licenses to hand-cart hawkers by charging Rs. 7-8-0 per month for each license which enabled the hand-cart hawkers to occupy the road without the fear of being driven away either by the Police or the Encroachment staff.

SHOP-KEEPERS COMPLAIN.

The shopkeepers complained to the Municipal Commissioners that the hand-cart hawkers caused obstruction in the road, prevented their customers from approaching their shops and carried on an unfair competition with them. The shopkeepers' custom was seriously affected and they also notified to their landlords that they would be unable to pay the same rent for their shops should the presence of the hand-cart hawkers continue in front of their shops. Most of the hand-cart hawkers dealt in articles similar to those kept in the shops for sale.

The complaint to the Municipal Commissioner has resulted in the withdrawal of the licenses, but the condition has been laid down that the licenses would again be issued if the police failed to take any action against the unlicensed hawkers.

The Police have remained quite inactive since then and the Encroachment staff have also taken no steps to remove the hand-cart hawkers from the road.

The only raid by the Encroachment staff since the licenses were withdrawn was that which was carried out this morning. The reason why the hawkers were left undisturbed and why the shopkeepers were attacked may easily be gathered from the story given above.

While the Encroachment staff were committing trespass and assaults, there were a few policemen present. But it seemed that the policemen were there for the protection of Encroachment staff, and not for the protection of the public.

MATTER MUST BE INVESTIGATED.

This was an attempt to strike terror into the hearts of the shopkeepers and the people who have been complaining against the hawkers' nuisance. The hand-cart hawkers, against whom the Encroachment staff ought to have taken steps for causing obstruction in the road, were enjoying the scene while the Encroachment staff were rushing into the shops and assaulting the shopkeepers and their customers.

The Municipal Commissioner and the Police Commissioner should investigate carefully into this matter and see that their subordinates realise their duty to the public. It is really scandalous that public servants should behave in such a high-handed manner.

Renewing Complexions By Absorption

If your complexion is marred with sallowness, moths, pimples or freckles, it is useless to pouter with powders and paints, lotions, creams and things, in an effort to get rid of the trouble. Unless you have some ability as an artist, you will mar your appearance still more.

The new and rational way is to take off the complexion itself, with all its offensive marks. Just get some pure mercolized wax at the chemist's, and use at night, the same as cold cream. Remove next morning with water and soap, following with dash of cold water. The mercolized wax absorbs the half-dead scarf skin in flaky particles, so gradually no one guesses you are treating your face—unless it be by the result, which is truly wonderful. There is nothing like it for bestowing a natural healthy and beautiful complexion.

SCOTLAND YARD METHODS FOR PUNJAB

Central Bureau To Aid Police In Combatting Crime

LAHORE, July 21.

An experiment which will be the first of its kind in India, is to be made by the Punjab Police. In order to be able further to combat crime it is intended to organise a Central Criminal Record Office for the Punjab, somewhat on the lines of that in Scotland Yard.

The Record Office will be a bureau providing invaluable data regarding crimes and criminals to the Police, and will facilitate their inquiries in various ways.

All reports regarding crimes including thefts, burglaries, pick-pocketing etc., will be at once reported to this office from all parts of the Punjab. Records of these crimes will be carefully kept, and a gazette of crimes will be issued to the Police of the Province. Publicity regarding criminals and crimes will also be widely given in the Press. The system of detecting and following up clues through "modus operandi" of the various classes of criminals will be studied, and for this purpose a record will be maintained of the previous histories, methods of working and peculiar habits etc. of criminals with their full descriptions. Finger and foot print records of criminals will also be kept in this office, and this will help in the spotting and identification of criminals.

The Police will thus obtain clues to the possible perpetrators of particular crimes and the office will also facilitate the quick dissemination of crime reports.

The Record Office will be located in the office of the D.I.G. of Police, Lahore. For the present, eight central districts, namely, Amritsar, Lahore, Montgomery, Lyallpur, Sialkot, Gujranwala, Gurdaspur and Sheikhupura have been selected for the purpose. In each of these districts there will be a branch of this Office, where crimes will be reported, and that branch office will forward reports of crimes to the Central Record Office.

Details of stolen articles etc. will also be kept in the Head Office and if some stolen article is recovered, while being disposed of, it could at once be ascertained from the Head Record Office whether that article is connected with a crime, and if so, what crime. It is hoped that through this system, the Police will be able to have a better grip of criminals.

A young Police Officer, who recently returned to India after receiving training in England in methods of crime detection will be in charge of this Branch.—A.P.

MUSLIM GIRL MARRIED AT 9 YEARS OF AGE

Uncle Of Bride Fined For Violating Sarda Act

NAOKHALL, June 18.

Sometime ago a case was instituted under section 4 and 5 of the Child Marriage Restraint Act by Naren Rahaman, a relation of the bride, aged about 9 years, alleging that she had been given in marriage to Anwarulla (14). On this complaint, the District Magistrate summoned the bridegroom, his father, paternal grandfather, two other relatives of the bridegroom, and Khair Rahman, uncle of the bride, to answer charges against them. But, in the meantime, they made up matters amongst themselves and had the girl divorced by a registered deed.

The District Magistrate was informed of the settlement in court, but, found the accused guilty and convicted all of them. In view, however, of the fact that they were illiterate, he took a lenient view of the case, sentenced Khair Rahman to pay a fine of Rs. 4 and let off the others with a warning under section 562 of the Criminal Procedure Code.—A.P.

Two arrests were made in the morning in connection with the robbery.—A. P.

WORK BEFORE THE COUNTRY

At a critical time like the present when big decisions have to be taken and new policies adopted, it is essential that there should be honest and frank expressions of opinion. The whole country has now generally endorsed the decision taken by Mr. M. S. Aney, for it well realises that, as long as Mahatma Gandhi is not in a fit state of health to take part in the deliberations with other Congress leaders who are out of jail, he could only suspend the movement for a further period and await developments.

The Indian Press has unreservedly, applauded the step, for it was long ago realised that the Civil Disobedience movement had spent itself. No good purpose would be served by persisting in it now, when even the author of the movement recognises that it has failed. In national affairs it is the height of wisdom to recognise our mistakes and retrace our steps, and if possible find out new methods to ensure our reaching our goal. Prestige ought not to blind us to the recognition of our failures, or doing the right thing even at this late hour.

DUTY OF CONGRESS.

From the extracts from the Indian papers published by us it will be evident to all that the Indian Press is unanimous in holding that the Congress should change its methods to suit the times. It is no use to persist in saying that the Congress objective was to bring about a change of heart in the Government! The real business of the Congress is to achieve Swaraj, so long as that objective has not been reached, the Congress methods have failed. We are not concerned with moral victories, for it is impossible to translate them into action.

It is also immaterial to the making of a decision at this juncture whether the Government release the several thousand Congressmen who are still in jail. It is for the Government to decide that point, though it is the duty of a newspaper to press for it. The Congress has its own duty to the country to perform and that must be pursued. Nobody has asked the Congress to co-operate with the Government. Far from it. There is ample work before the leaders in other directions, instead of following the arid path of co-operation which has been a dismal failure all these 150 years. That is why we say that the time has come for the Congress leaders to take

stock, exchange opinions freely, admit their mistakes and devise new plans for the country to follow in the immediate future.

THE NEXT STEP.

No useful purpose is served by referring to past history and Mahatma Gandhi is the last person to stand on prestige. In the meantime Mr. Aney should complete the work he has undertaken and withdraw the Civil Disobedience movement at the earliest opportunity. There is no escape from such a position, and Congressmen who have repeatedly suffered for the country are of that opinion. It is only people who have kept themselves outside the jails by various objectionable methods and indulge in mock heroics when it is a paying proposition, who can delude their readers that the country is ready to pursue the Civil Disobedience movement to the finish.

However, as soon as the movement is officially withdrawn by the Congress, the next step it will have to consider is: What programme is best for the country, in the present circumstances? There are differences of opinion on this point, and no doubt some are opposed to Council Entry. But Council Entry is not the end in itself, and we are sure rightly guided even Congressmen in the Councils can make themselves useful to the people.

COMMUNAL PROBLEM.

It may be said that Swarajists failed in achieving their object. No doubt it was a fact. But we believe that if the Congress had kept a proper check over them and guided their activities, there would not have been that degeneration among Swarajists we saw latterly. However, it is too early to discuss the question in all its bearings just now. What we would impress upon the Congress leaders is that the communal problem is becoming a great danger to the peace of the country and every moment it is getting worse. It is the problem of problems just now and it is vitiating our whole public life.

We earnestly urge the Congress leaders to concentrate their whole attention on the question and to bring about communal peace. Achieving communal peace will mean winning half the battle, and that is a work which should be dear to the heart of every real Congressman. There will be time enough for considering the next step, but all should combine to solve this question immediately.

Women's Just Demands

Whatever may be the chance of the All-India Women's Conference making any impression upon the Joint Committee, the stand that the Conference has taken for equal rights to both the sexes and for joint electorates is admirable and may well be emulated by those of the sterner sex who are always begging for special favours. The Conference put up a good fight for adult franchise for women as well as men and still supports it, but it now adds an alternative scheme of representation, to be adopted if adult franchise continues to be deemed impracticable. It recommends that for both men and women literacy or ability to read and write in any language should be substituted for the higher educational qualifications proposed in the White Paper for voters for the Provincial and also the Federal Legislatures.

The White Paper concedes the need for a literacy franchise in addition to one based on property. But we do not see why a literacy qualification, adopted for the Madras Provincial Legislature, should not be extended to

all the other legislatures. Such extension would enfranchise a large intelligent body and would put a powerful encouragement to literacy and primary education. But it is not difficult to understand why Government might shy of adult suffrage or even of a low literacy or property franchise. We cannot expect the Women's Conference to make any impression on the Joint Committee.

The Conference has taken a justly uncompromising attitude against communal electorates and any special reservation of seats for women even with joint electorates: "We stand united," they say, "in our demand for a system of joint electorates and in our protest against the Communal Award as it will introduce the poison of communalism into the now united ranks of the women of India." The poison has already worked havoc in the ranks of men, and whether women succeed or not in getting the Award altered at least so far as it affects them in particular, they can do much to counteract the poison and unite their contending brethren. That work is far more difficult than that

Press Views

Mr. Aney Congratulated

Mr. Aney, the Acting President of the Congress, has issued a statement suspending the civil disobedience movement for a further period of six weeks. The announcement, it can be said with certainty, has been issued only after a careful examination of the situation by the Congress leaders. Gandhiji is not in a position to examine the political situation in all its facets, owing to the weak condition of his health. The Congress leaders have come to realise that the policy of civil disobedience requires careful revision, and such a revision cannot be undertaken without the co-operation of Gandhiji, the General of the campaign. The Congress President deserves the congratulations of the country for his prompt action.—*Hitavada*.

Baldwin's Limit.

One of Mr. Baldwin's faults as a leader is his willingness to be easy-going, his wish to let sleeping (or even moderately comatose) dogs lie. Consequently Mr. Churchill and his friends have had it very much their own way. They have been allowed systematically to attack the White Paper and the Government's policy, to criticise prominently the rights this country is giving to India and to gloss over the safeguards which we are still retaining, to attack the good faith of the British civil servants in India who support the White Paper policy, and to suggest that the trade of Lancashire would be more prosperous in the future with India as she is or was, although they seldom have the assurance to suggest that Britain should enforce a policy of direct autocracy. In general they have been allowed to play on that Tory fear of the future, that innate suspicion of reform anywhere and not merely in India, which is the normal attitude in politics of the bulk of the Conservative party. Through it all Mr. Baldwin has remained extraordinarily reticent. But there may be some extremely plain speaking on June 28, since his record shows that there is some limit to what even Mr. Baldwin is willing to stand from his more truculent followers.—*Manchester Guardian*.

of leading evidence before the Joint Committee, but it is far more fruitful and not beyond the capacity of the Women's Conference.

SELFISH AND ABSURD CLAIMS

The zamindars of India do not seem to realise how ridiculous they are making themselves by asking for all sorts of safeguards, possible and impossible, for their selfish interests. They know but too well how they dominate the elections even in the general constituencies, directly and indirectly, by sheer force of wealth. They will continue to do so as long as Government insist on a high property franchise. But not content with this special undeserved advantage, they have asked for and obtained from an ever willing government special constituencies for themselves in all provinces and second chambers in some, deliberately designed to put a premium on wealth. Yet the zamindars are not content and are now demanding further safeguards from the Joint Committee. Some of these demands are utterly unreasonable and only expose the selfish mentality of the "large-stake-holders."

One such demand is that the new constitution should see to it that the permanent settlement of Bengal remains, like a law of the Medes, unchanged and unchangeable. Other zamindars follow suit and ask for a guarantee for all their property rights. Now, there are millions of people who own property, large or small, and it is obviously impossible to guarantee to all these people the permanence of all their property rights for all time and in all circumstances. We are sure that many zamindars are not themselves prepared to guarantee to their tenants their lease rights for all time, in all circumstances. The fact seems to be that some persons are unduly anxious of their property because they are conscious that their moral title to it is extremely weak. However, free India will necessarily safeguard all legitimate property rights and will deal out even justice to the zamindars and to their humblest tenants. But privilege as such cannot exist in free India.

WHERE TRUTH IS BANNED Hyderabad Newspapers' Sad Plight

(BY "SCRUTATOR")

It is indeed a sad commentary on the state of affairs in Hyderabad that one has to seek the hospitality of these columns to air one's views and ventilate one's grievances. No local paper has hitherto dared even to refer to the articles that are appearing in the "Bombay Chronicle". They ignore such stuff as though the matter does not concern them in the least.

It is not that the conductors are not alive to their duties and responsibilities. It is not that they are lacking in patriotism and loyalty to the State. The reason is simply this: If they wish to live—and who does not?—they must turn a deaf ear to the walls of sufferings, they must learn to be blind while injustice after injustice is perpetrated before their very eyes, they must cultivate a business while their hearts are bursting with feelings that they dare not express.

People here are longing to read stuff that really does concern them, stuff that touches the realities of their daily life and its surroundings, but they are served with leading articles on Manchuko, South Africa, Palestine, in fact every blooming place on the globe, except Hyderabad.

RUSH FOR "CHRONICLE"

How very pent-up are the feelings of the literate public in this City, may be gauged from the fact that several persons paid two to three rupees for a single issue of the "Chronicle" in which my

humble contributions have appeared.

And after all what did they contain? No discovery was made, no mystery was solved. My articles contained nothing that was startling for the Hyderabad public. Every child knows those facts here. The picture I tried to paint in those articles is as familiar to a discerning and thinking Hyderabad as his own self. Yet, why this sensation?—one might ask. Well, human as we Hyderabadis are, just as we like to see our faces in mirrors, so do we like to read our feelings in print and thus seek consolation. Local papers are unable to give us that solace. Hence the rush for the "Bombay Chronicle".

PLEA FOR COMBINED EFFORT

If all the local papers combine to tell the Government plainly and categorically that they cannot endure this any longer, that the urge for self-expression is becoming too irresistible, that they cannot any more bear to see their state going to the dogs, I say, if all the papers honestly and seriously combine towards that end, it is just possible that some good may come out.

This is not to say that newspapers should be above law. All that is needed is that Hyderabad newspapers should have the same freedom of expression and be subject to the same limitations of statutory and moral laws as the newspapers in any civilised country.

If any of them tend to be irresponsible (Continued on Next Page.)

Frankly Speaking

IRELAND AND THE CONFERENCE.

There is some frank and outspoken talk going on at the World Economic Conference and Mr. Connolly's thrust at British must have gone home. It is ridiculous to call it a World Conference for bringing back prosperity when Britain not only has an Ottawa agreement, but penalises the Free State for her refusal to bend the knee to Mr. J. H. Thomas.

There can be no hope of "restoration of normal conditions and of solution of the tariff problem" until Britain agrees not to take the law into her own hands, to punish the weak. The Free State's very proper request that the whole question should be referred to a judicial tribunal was summarily rejected by the British Government.

Now that the W. E. Conference has put the question on the agenda there should be some frank discussion on the whole question.—Whether Britain is justified in her dual role.

It was possible for Great Britain to settle the question amicably with the Free State, if it were not for the arrogant attitude of Mr. Thomas and his imperialists.

WHEN THEY THINK BETTER OF IT.

The resolution passed by the East India Cotton Association asking the Japanese Cotton Spinners' Federation to reconsider their boycott of Indian cotton with a view to restoring their former harmonious relations is timely, though we fear it will hardly do any good to either party.

Japan is apparently labouring under a misapprehension if it really believes that it can dump any quantity of piecegoods into India at ludicrously cheap rates, without India taking any protective measures against it.

Now that a Japanese Delegation is coming to Simla to discuss matters with the Indian Government, it is possible that the other side of the case might be presented to it and the Indian attitude justified.

Although the present discriminatory tariffs are likely to do more good to Great Britain than to India, there is little doubt that Indian mills had a very good case against Japan, and that they required protection.

We have little doubt that when Japanese spinners think better of the situation they may be inclined to cancel the boycott and do what is inevitable in the circumstances.

MUSSOLINI IN BETWEEN.

French official circles discredit the reports that Austria and Hungary will join forces under a Hapsburg, and declare that Mussolini has not even sounded Paris on this question.

We do not know whether we should take this official disclaim-

er at its face value, but there may be some truth in the news. Published by the "Daily Herald", Austria and Hungary have not been at all very happy, as separate entities.

With so many trade barriers between each other, free trade movement has completely stopped and both countries have suffered as a result. French political circles state that an economic agreement embracing the Danubian countries is in contemplation, and that a meeting between the French and Italian premiers would be a logical step.

Mussolini must be very favourably inclined towards a union under his protection, as a counterpoise to the Little Entente which is a thorn in his side. With France on one side and the Little Entente on the other, Mussolini does not feel exactly happy.

VEXTATIOUS INTERFERENCE.

Is there no limit to official interference with the rights of local self-governing bodies?

The Madras Government have issued an Order, informing local boards and municipal councils that expenditure from public funds on the presentation of addresses will not "normally" be sanctioned by the Government, except in the cases of addresses to the Viceroy, the Governor, Members of the Viceroy's and the Governor's Council and Ministers.

Giving an address to eminent persons being conceded to be a legitimate function of a local body, that body is the best judge as to the choice of the person to be so honoured, and the Government are abusing their own right in unduly restricting the local bodies' choice.

We hope independent spirited bodies refuse to accept official dictation in such a matter.

AN OUTRAGE ON JUSTICE.

The Rewa State Government are reported to have confiscated the estates of two Thakurs, on the mere suspicion that they were carrying on pro-Congress activities. This is going beyond what even Lord Willingdon could have intended.

What precisely the alleged activities are, the public does not know. Congressmen having scrupulously left the States alone in respect of the Civil Disobedience campaign, it seems probable that the activities are nothing more than popularising Swadeshi, Khaddar, Prohibition and Harijan uplift.

The absence of a trial suggests that the Government had not evidence enough to prove any charge against the Thakurs.

In any case, the confiscation of their estates for an unproved offence is an outrage on justice, which should be severely condemned by the people of the State.

AN EXPLANATION

(From Dr. Mrs. Sukthankar, Chairman, Schools Committee.)

I find the following paragraph in a letter from Mr. Syed Mahomed appearing in the issue of your paper dated the 27th May, 1933:—

"On top of this, the Chairman of the Schools Committee, Dr. Mrs. Mallini Sukthankar, made the statement that, if any of the Urdu Schools were in a neglected condition, it was due to the apathy of some Muslim Members. And yet she thought at the same time that Atiya Begum's complaint did not require investigation. This betrays a narrow angle of view."

As I was out of Bombay when the abovementioned letter appeared in your paper, I had no opportunity of coming across the same. It was recently brought to my notice and as I feel that the statements made in the paragraph quoted above do not correctly represent what I said at the Corporation Meeting, I have to point out the inaccuracies in the statement so as to remove any misunderstandings that might have been created about my attitude towards the improvement of the Urdu Schools.

What I had stated at the Meeting was that the comparatively unsatisfactory condition of the Urdu Schools was due to the apathy not of the Committee Members but of the Muslim public towards the education of their children and hence I had suggested that Mrs. Atiya Begum instead of criticising the Corporation or the Schools Committee, should take up social work among the parents and guardians of children in schools.

I hope this explanation will remove the misunderstanding that might have been created as a result of the incorrect statements attributed to me and will also absolve me from the charge of possessing a narrow angle of view. Permit me to state that, far from possessing a narrow angle of view, I would certainly appreciate any constructive work on the part of any one to bring about reform in the Urdu Schools.

POSTAL LOGIC

From "One Who Sees."

I have read carefully the letter published in your issue of the 15th May, 1933, under the caption "Illogical Postal Rules." I believe that the writer has completely missed the point at issue.

When once a letter is posted it becomes the property of the addressee and not of the sender, as has been presumed by the writer. Then again, if the Post Office accepts the suggestion made by the writer that registered articles should be delivered to the persons to whom they are addressed and to none else, in a city like Bombay, thousands of letters will be held up or returned to the senders as undeliverable. The intention of the writer would be fully served if the addressee who has any doubts about his letters being tampered with by his agent or representative, who is accustomed to receive correspondence for him, gives instructions to the Post Office that his correspondence should not be delivered to any one else but to himself and such instructions are always scrupulously followed by the Post Office.

It is more for the addressee to decide as to who shall receive his correspondence, that is, himself or his representative, than for the sender to dictate that it shall be delivered to the addressee himself and to none else. The allegations made by the writer against the Post Office staff are baseless inasmuch as there has been no occurrence of the nature he has described.

NEED FOR MUNICIPAL MAGISTRATE

From V. Narayan.

No evidence can be regarded more competent and authoritative than a recent reply of the Municipal Commissioner to show how distressing results have emerged from the gross delay in the judgment of Municipal cases, as the fate of appointment of a Municipal Magistrate hangs in the balance.

Mr. H. K. Kirpalani, the Municipal Commissioner, in reply to Mr. A. Soares, stated that, of all the prosecutions launched in November last, only one case was disposed of; one was taken up in the current month, and the rest are still pending; and I think, it will be merely a speculative affair to forecast the dates when the

DUTY OF HINDUS

From 'A Hindu Graduate.'

A letter appears from Mr. Mahdava S. Talpade in your issue of Thursday, the 22nd instant, in which he comes forward to endorse the view of the Liberal leader, Sir Chimanlal, that the Hindu Maha Sabha does not represent the view-point of the bulk of the educated Hindus.

He refers to a correspondent from Amraoti, who says that Dr. Moonje and Mr. Kelkar cannot claim to represent the big Brahmanetar Samaj. He adduces no evidence for his statement. Mr. Talpade claims to belong to one of the most enlightened and advanced community of Bombay, the Pathare Prabhu Community, and argues that, as no general meeting of his caste was ever called to declare its adherence to the Hindu Maha Sabha, the Hindu Maha Sabha cannot be considered representative of the Hindu opinion.

May I know Sir, from Mr. Talpade, when a general meeting of his caste was ever held to express its adherence to any association, political or social, in the country, or on any public questions, and to which political party in the country does his caste belong, or has pledged its adherence to? Has it met and proclaimed its faith and adherence to the views of the Liberal leader or his party, and has it ever inquired, what were the settled views of the Liberal leader with regard to the claims of the Muslim community?

Secondly, may I ask, is his community or caste bound to follow the opinions of the general body of his caste, on public questions and political issues? Has Mr. Jaykar been repudiated by the community for his active association with the Hindu Maha Sabha?

To the mind of Sir Chimanlal Setalvad there need not be any affinity, and there is none between the Hindus of the Punjab and U.P., and the Hindus of the other Provinces of India. This is not, however, as far as I can see, the attitude of mind of the bulk of the educated Hindus in any Province. As stated by Raja Gendial, the division and lack of coherence and determination among some Hindu leaders to stand for the just rights of their community, is largely responsible for the position to which the Hindus have been reduced in the Legislatures.

The solidarity and the determination among all the sections of the Muslim community whether communalists or nationalists and of one Province or the other, has won from the British Government for the Muslim community their demands, which are obviously unjustifiable. It is high time such few Hindus as are prepared to follow the example of Jalchand do realise the great disservice they are doing to the country, and the Hindu community by such tactics.

If they do not like Dr. Moonje and his methods, let them by all means try to replace him by abler men. But it is their duty to stand by and strengthen the hands of the Hindu Maha Sabha, which has put up such resistance as it could under the circumstances to the aggressive claims of the Muslims.

Judgments in these cases will be delivered.

Days, nay months pass over, before perpetrators of the crimes, which involve the violation or disregard of laws that govern the hygienic and sanitary affairs of the City, are adequately punished. Awards of imprisonment, heavy fines, or at times, both alone will meet the ends of justice for the "poisoners of food." Lenient sentences will never serve as an eye-opener for those whose crimes denote serious resemblance to that of burglars and pick-pockets. No doubt, the work of the Municipal authorities is very likely to suffer by the awful delay in the judgment in the prosecutions launched at their initiative.

The uncommon and unreasonable delay in the appointment of Municipal Magistrate is, due to the dispute between the Government and the Municipality over the maintenance of the court.

Let the Government realise the truth of the old adage: 'Procrastination is the thief of time,' and looking to the pressing want of the hour and in consultation with the Municipal Corporation appoint a Municipal Magistrate for Bombay at an early date, so that "efficiency" may be the hallmark of the Municipal working and the citizens of Bombay may be relieved of the present distressing state.

"MAC" STRIVES TO CHEER UP DELEGATES

In Spite Of Little Setback He Hopes To See
Co-ordination In Third Week Of Conference
Which He Faces Optimistically

LONDON, June 23.

The conclusion into which the World Economic Conference was thrown yesterday by the American delegation has in no way abated.

All sides recognise that the failure to reach a stabilisation agreement with the United States is most serious and there is the ominous talk of adjourning the Conference, although it is officially sternly discouraged.

The British hope that the disagreement is only temporary and that internal conditions in America may have improved in a few weeks sufficiently to permit of an agreement.—Reuter.

"MAC" REVIVES CROOPING SPIRITS No Question Of Adjourning Conference

LONDON, June 23.

The next week would be the testing time for the World Economic Conference, according to Mr. MacDonal in a spirited address to the Conference pressmen. He asserted that the second week of international conferences generally produced pessimism, but he believed there was little pessimism in the World Economic Conference, but drive and energy must be put into deliberations as had been done during the first week. Because the third week was bound to be one of co-ordination, giving individuals some sense of bigness of work ahead. NO QUESTION OF ADJOURNMENT.

The Premier ridiculed the suggestion of adjournment of the Conference; he was facing the third week optimistically and was not so depressed as when the fate at Lausanne was trembling in balance. They had a little setback in the hopes of temporary stabilisation of currencies this week, but committees had been working hard and the mass of secretarial work was only a small obstacle. Exchange of views could continue with the aim of ultimate stabilisation simultaneously with the Committee work, and when the stage of co-ordination had been reached, they would find that continuance of the Conference was fully justified.—Reuter.

CONSTABLE BEATS WOMAN

(From Our Correspondent.)

CANBERRA, June 23. Mrs. Surji, wife of a Parsi of District Unao, came to Canberra to sell mangoes. When she reached Patkapore near the Police Chalki, a policeman asked her to take her mangoes to the Thana. On her refusal to obey, he pulled down her basket and beat her with his hands and stick. This action of his brought a large number of the neighbours to her rescue. A report was immediately lodged in the Kotwali, who deputed a Sub-Inspector to go to the scene of this occurrence and make inquiries into the matter. Several statements were given to him, including the woman's.

Madras—Mr. C. J. Paul, the Additional District Magistrate, passed orders to-day committing all the five accused in Ooty Bank raid case for trial by the Sessions Judge, Coimbatore. The inquiry in this and allied cases lasted for one week during which time 89 witnesses were examined.—A.P.

"ANDHRA PATRIKA" EDITOR ENDS FAST

Says It Was Intended For
Self Purification

MADRAS, June 23. Mr. K. Nagaswara Rao, Editor of "Andhra Patrika" and President of the Andhra Board of the Servants of Untouchables Society, who commenced a fast on June 12 broke it to-day. He evaded all publicity about his fast up to this time, but as he had promised at the outset, issued a statement to-day, explaining the reasons for the fast, which was intended for self-purification and introspection and had no connexion with outside matters.

It was his intention to make a long fast for 15 or 20 days, but as he had received an invitation to attend the Central Harijan Board's meeting at Poonna on July 1, he thought he would be doing better advice by ending the fast. During his eleven days of fasting his weight decreased by 14 Pounds and his pulse decreased from 74 to 62.—A. P.

Civilized World

Commemorating the breaking of Gandhiji's fast on May 29th, meetings were held in many cities in the United States, including Washington, Chicago, Detroit, Boston and New York.

A special dinner organized by the members of the All World Gandhi Fellowship and the American League for India's Freedom was given at Town Hall Club, New York City, in the evening of June 1st.

John Howland Lathrop, Minister of the Church of the Saviour, Brooklyn, and vice-chairman of the American League for India's Freedom, presided and spoke of the conditions of the untouchables which he witnessed when he visited India several years ago.

The speakers were Joseph B. Matthews, executive-secretary of the Fellowship of Reconciliation; Reverend Leon Rosser Land, director of the Bronx Free Fellowship; Reverend Clarence B. Howell, director of the Reconciliation Trips; Reverend William Bridge, director of the Fellowship Centre; Doctor S. A. Bisey, Hindu inventor; and Kedar Nath Das Gupta, director of All World Gandhi Fellowship, who gave also an ancient Sanskrit invocation.

Princess Ishtar Ismail read a poem on Gandhiji especially composed for the occasion. The following resolution was unanimously adopted, and a cablegram conveying faith in Gandhiji's leadership was sent to the Mahatma.

"We, the members of the All World Gandhi Fellowship and the American League for India's Freedom at a meeting held in New York City June 1, extend to Mahatma Gandhi and the people of India our greetings and rejoice with them in the triumphant conclusion of the ordeal through which the Mahatma has safely passed. We confidently believe that the suffering which he has endured will prove a ransom for the Depressed Classes of his country and remove the injustice of the restrictions to which they have so long been subjected.

"We look forward with increased hope to the achievement of Indian national freedom which a people no longer divided among themselves makes possible. That one who is himself the embodiment of the aspiration of the Indian people should voluntarily assume the burden of the misery which untouchability has inflicted and in his own body suffer the pangs of such misery moves us to humble admiration and respect. We are profoundly grateful that he has survived to continue to lead his people to the attainment of their freedom in a spirit and by a method which marks the greatest single advance toward a civilized world within recorded history."

HOBBS SCORES 193RD CENTURY

Macanlay Is Again Successful
With The Ball

LONDON, June 22. Hobbs scored his 193rd century on a slow pitch, the Cambridge bowlers mistakenly attacking his leg stumps. Hobbs made the majority of his runs without any difficulty, with placings to leg, making 100 in 130 minutes, and finally 118 in 4 hours.

He played a faultless innings which included twelve 4's. Macaulay advanced his test claims by the successful exploitation of the leg trap.

Verity was a model of accuracy and good length. Wiles was destructive despite the defensive methods of the batsmen. Kent was as usual susceptible to fast bowling. Nichols with brilliant fast swerves dismissing Ames and Valentine successively, and just failing to pull off the hat-trick, the ball dropping in the slips after a snick by Chapman. Any Attempt To Violate
Pledge To Separate Sind
May Mean Disastrous To It

KARACHI, June 22.

A resolution, deploring the attitude of the Hindu Mahasabha and their supporters in Sind on the question of Sind Separation and other demands of the Muslims, was passed at a meeting of local Khilafat Committee, which was attended among others by Sheikh Abdul Majid M.L.C., President of Central Khilafat Committee, and Mirmahomed Baloch, M.L.C.

The meeting reiterated the Muslim demands for separation of Sind and drew the attention of the Joint Parliamentary Committee to the Muslim opinion that the modification of the Premier's Award would shake the faith of Indian Muslims in pledges of the British Government, and create unparalleled unrest among Muslims, results of which would prove disastrous to the Anglo-Muslim amity and the smooth working of the new constitution.

LET ALL EMERGE INTO ONE. The meeting also adopted another resolution expressing the opinion that the time has come when various Muslim political and semi-political organisations should amalgamate into a single supreme council of Muslims with constructive aims and objects, embracing religious and political interests of Muslims and aiming at social, economic and educational improvement of Muslims of India, and urging that the Central Khilafat Committee should take practical steps in this direction.—A. 1,100 GUINEAS FOR SELLING PLATER

Mr. P. B. Avasia's New Purchase

Mr. P. B. Avasia, the well-known Parsi Sportsman, who is in England at present on holiday, is replenishing his string of race horses. He now makes a personal selection of bloodstock after a disappointing deal done by cable some years ago.

A London message received by mail says:

There was exceptionally keen bidding for the Irish gelding Dr. Strabismus. After he had won the Kenton Court Selling Plate at Kempton Park on June 3, and it was not until 1,100gs. had been reached that the gelding was sold the purchaser being Mr. P. B. Avasia.

This was the highest price paid for a selling race winner this season.

Lady Milbanke was the former owner of Dr. Strabismus, who is by Tonlonia out of Beechmount.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in
the Morning Feeling Great

If you wake up in the morning feeling sour and depressed, entirely lacking in vim and vigour, don't swallow a lot of salts, mineral water, oil or harsh purgatives and expect them to make you suddenly sweet and buoyant and full of sunshine.

They can't do it. They only move the bowels and a mere movement doesn't get at the cause. The real reason for your run down feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Your stomach is filled with gas. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pints of bile flowing freely and make you feel "tip top". They contain wonderful, harmless, gentle vegetable extracts especially effective when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Always look for the same Carter's Little Liver Pills on the Red Package Label.

SPLENDID HEALTHY VIGOUR imparted by energising force of PHOSFERINE

Mr. Matheson Lang, the popular London Actor Manager, familiar to many playgoers in his famous title role of "The Wandering Jew," writes:—"In recent years I have found it very useful to employ Phosferine to counteract the resulting nerve strain of such full and strenuous working days consequent upon my dual capacity of Actor Manager. There is nothing which so surely dispels the jaded feeling and restores one to normal healthy condition. From many years' experience of being compelled to give myself without stint to the stage and business side of my calling, I know how very reliable Phosferine is in enabling me to 'pull myself together' and carry on when flagging point is reached."

From the very first day you take PHOSFERINE you will gain new confidence, new life, new endurance. It makes you eat better and sleep better, and you will look as fit as you feel. Phosferine is given to the children with equally good results.

CALCUTTA, June 22.

Two women, one of whom is a widow and the other a girl of 13, and also two Bengali youths, all alleged to be political absconders, were arrested in a house in South Calcutta Suburbs following a raid.

In the course of the raid the police fired three rounds of revolver cartridges in order to prevent the suspects from escaping. One of the men rushed out of the room, and dived into the adjoining tank and after scaling the wall was secured by two Punjabis belonging to the police party.

Revolutionary leaflets and plans for terrorist crime are alleged to have been seized.

Such beautiful hair
only springs from
a healthy scalp!

WHAT lovely hair she has! Long and soft, and she dresses it charmingly—yet the real secret of its beauty is simple: it positively gleams with health!

We can all have hair beautiful in that way. Nature decides the colour and texture of our hair—but the rest is in our hands. Dull and limp, or gleaming and alive—that's what makes the difference. Fortunately, it is easy for us to decide the correct treatment for our hair and carry it out: here are four scientific "Tomco" preparations, charmingly presented, which meet the needs of every head. Choose the one you require and rub it regularly into the roots of your hair to stimulate the scalp. A few days will show you how really lovely your hair can be!

Limes & Glycerine (Lemon Cream)

Is your hair dull and lifeless—coming out on the comb? Wake up your scalp by regular massage with this fragrant tonic cream, which stimulates the roots of the hair, promotes growth, checks falling hair. Neglect kills hair! Keep yours young and vigorous this easy way!

Cocoanut Oil and Solidified Brilliantine

If hot winds have dried your hair and made it brittle and harsh, or if your scalp and hair are naturally too dry—this perfumed Cocoanut Oil or Solidified Brilliantine is the ideal dressing: a fine, pure substitute for the natural oil of the head, giving the hair a beautiful healthy gloss without making it "greasy".

Perfumed Medicated Hair Tonic

HAIR limp and greasy? Sticky to comb and unattractive? If so, dress it with this Tomco Hair Tonic, brush and comb it well, and watch it, in a day or two, take on the natural glints of health!

In the centre you have another twenty-five illustrations of bottles, tins, etc., and to which these labels belong. All you have to do is to select the correct label for the correct bottle or tin. For example, you have a label for Neptune Family Provision. On looking through the illustrations you identify No. 2 as the one to which the label belongs. There is also the label on the right hand top corner for Cafiaspirin which belongs to the popular tube (No. 10) for this famous pain remover. you therefore enter the No. 10 against this word as shown on the entry coupon, and that is the correct solution. Simple isn't it? A 500 Rupees is your reward for solving this Competition correctly.

LAL BAUGH MARKET SCANDAL

Corporation Committee Submits Amazing Report

Recommendation To Grant Licence For New Market In Rivalry To Existing Institution

The Committee of the Bombay Corporation which was appointed to deal with the dispute regarding the Lal Baugh Market has submitted its report.

It will be remembered that this market, a modern well-built, spacious stone structure with modern sanitary arrangements, which is licensed to a private owner—a Mussalman gentleman—was abandoned by the Hindu stall-holders during the riots last year, who afterwards established themselves on a vacant plot of land near by, and carried on business in "cutcha" shanties rent free.

Subsequently they refused to go back to the "pucca" market at the instigation of communal mischief-makers and when turned off the plot of land belonging to the Improvement Trust, were given accommodation in another plot belonging to private owners. What was, in the beginning a communal affair, which left to itself, would have been quickly settled developed into a business stunt, certain enterprising persons conceiving the notion of establishing the new market as a permanent concern to their own profit.

The amazing thing is that the majority of the Committee have fallen in this with plan. Of 27 members the majority have signed a report recommending the granting of a licence for a new market. Nine members have appended dissenting minutes.

The Majority report states:—
It however appeared to the committee that such an investigation would mean endless trouble and delay and would serve no useful purpose and the results would not be binding on the parties to the dispute.

They therefore decided instead to obtain a report from the Commissioner as to (1) whether any written assurance or undertaking was given to the proprietors of the market by the Municipality to the effect that "no other private market will be allowed to be built except at a reasonable distance from the market," as stated in their Solicitors' letter, and (2) whether the market was functioning at the time and what the exact situation therein was.

Some members also desired to know whether the municipal bye-laws did not prohibit the existence or construction of one market within half a mile of another. "ASSURANCE NOT GIVEN."

The Commissioner's letter reporting on the question stated that no such assurance as alleged by the solicitors of the proprietors of the market was ever given, and that out of 160 vegetable stalls and 6 mutton stalls in the market, only the mutton stalls were occupied and even there the business done was of a limited character; that in the fish section, out of 100 to 200 spaces occupied daily in the morning and evening, not one was occupied and that in the yard outside the market there were only 27 hawkers who sold fresh and dried fish, vegetables and miscellaneous articles.

The letter also stated that the Municipal bye-laws did not prohibit the existence or construction of one market within half a mile of another as was alleged by some persons. **PERMISSION FOR NEW MARKET. NO POSSIBILITY OF AMICABLE SETTLEMENT.**
After considering at great length every aspect of the question, in consultation with the Commissioner, the committee have come to the conclusion that there is no possibility of an amicable settlement being arrived at between the two contending parties and that the chances of the stall-holders going back to the old market are remote.

The committee regard it as very undesirable that an unlicensed market should be allowed to continue indefinitely in the locality, nor do they think it proper to refuse indefinitely to the large population of the locality the amenity of a licensed market constructed on sanitary principles.

The committee therefore recommend that the Corporation should determine, under Section 402 of the Municipal Act, that the establishment of a new private market be permitted in the locality of Lalbaug area and that the parties mentioned in para 2

tents himself by saying that he does not agree with the report.

LIGHT ON COMMUNAL ASPECT.

Mr. Huseinbhai A. Laljee throws light on the communal aspect of the dispute and says:

Generally speaking, the facts seem to be that during the unfortunate riots many undesirable things did happen in the city, including the boycott of this market as a result of communal feelings running high.

Allegations were made that certain stall-keepers were maltreated during the riots and as no protection was given, they had to leave the market and to get hold of the Improvement Trust plot in the first instance, and thereafter a plot in the compound of a milch-cattle stable.

On the other hand allegations were made that organised attempts were made to boycott this market as it belonged to a Muslim and pickets were kept there to stop use of it.

Further allegations were made that this attempt of boycott has been continued so that the market may be sold or handed over to a certain party or parties on favourable terms and that for this objective regular arrangements were made in the name of stall-keepers and even some sort of rent was collected from the stall-keepers. It is also said that the present most insanitary temporary arrangement for the sale of food-stuff without any supervision is also kept up by them.

NO ILL-TREATMENT. PROVED

Inquiries made of the Police Commissioner do not show that cases of maltreatment had happened or that no protection was given when asked for, nor have any facts been established to show with what real object this boycott was started and for what object it is continued; but it appears that misunderstanding and ill-feeling did exist as a result of high communal feeling running during the riot as was the order of the day when attempts were being made to create as big a gulf as was possible between the two communities both in the commercial and social circles, and this market concern was engulfed in that movement.

According to the latest reports and figures that the Municipal Commissioner placed before the Committee, it appears that once again this market is functioning and the progress is fairly good.

The reason that was assigned for this improvement by some members in the committee was that the owner of the market was helping the stall-keepers and has actually put up his men to sell articles at low rates. There may be a lot of truth in this; but there is nothing seriously wrong about it because Mr. Lalji asks whether it is not a fact that the stall-keepers in the temporary market in the compound of the big milch cattle stable are using that plot for months without paying any rent whatsoever and that so long as the stall-keepers can get plots without any rent, is it possible that they would sell to any place or market where they have to pay some rent?

DANGER TO HEALTH.
The more serious thing with which the Municipality is concerned is that so long as stall-keepers can sell foodstuffs without a licence any place and without any Municipal supervision or any sort of restrictions, is it possible that they could expect any stall-keeper to get into a licensed market to sell foodstuffs and if so what becomes of their rules and regulations and their duty to safeguard public health.

So long as this state of affairs exists it is almost impossible to expect improvements and they are really running a very great risk so far as public health is concerned. Mr. H. A. Jalauddin says the present site at which foodstuffs are sold is worth a visit by impartial citizens and by a high health officer and a comparison of the state of affairs existing there and in a licensed Municipal market is essential.

It is only in that locality where milch-hands predominately reside that this state of affairs can be allowed to exist. The stall-keepers sell their foodstuffs in temporary shades dirty made, the ground is all muddy and the surrounding it is the large milch-cattle stable full of smell, dirt and flies. The large number of cattle daily passing by makes the

Sequel To Attack On Police Party

MULTAN, June 22. A report received from Mubarakpur Thana in Basti Maluk states that the police were compelled to open fire in self-defence when they were attacked by an unruly mob.

It is alleged that the police party was attacked by a party of Mahomedans who were armed with lathis, whereupon the Inspector and Sub-inspector opened fire, with their revolvers, inflicting some of their assailants.

It is stated that a telegram has been despatched to the Deputy Commissioner by the Muslims alleging that one person has been killed and several injured. Socialism Outlawed In Germany

Hitler Govt. Decree Expulsion Of Deputies From Reichstag On Plot Allegation

BERLIN, June 22.

Hitler and his lieutenants have destroyed the Socialist Party in Germany by a new decree which expels members from sitting in the Reichstag, Federal Parliaments and Municipal Councils. Meetings and newspapers have been also been prohibited and employees in State Service are debarred membership of the Socialist Party. Allegations of treason against the Government are made to justify this high-handed action which will create consternation amongst workers all over the world. This outrage is bound to have repercussions and add to the hatred which already exists against the Nazi regime.

The government has struck a dramatic blow against the Socialist Party under a new decree.

One hundred and twenty Socialist members of the Reichstag, as well as those of the Federal Parliaments and Municipal Councils, will no longer be allowed to exercise mandates, while their salaries as deputies will cease forthwith.

Socialist meetings, newspapers and publications have been prohibited, and the funds and property of the party confiscated. Employees in State service are debarred membership of the Socialist Party. State action has been taken because it possesses absolute proof that the German Socialists have not hesitated to commit acts of high treason against the Government.

It is alleged leader of that the Socialist Party planned to lead a fight against the Government from Prague.

Capt. Goering has asked the federal Governments to take similar measures for the protection of the people and the State. —Reuter.

FEEDING HOUSES AT SACRED PLACES

Mysore Council Sanctions Maintenance

BANGALORE, June 23.

By 27 votes to 13, the Mysore Council defeated yesterday, an unofficial motion against the demand for Rs. 3½ lakhs for Government institutions including free feeding houses maintained by the State at Benares and Tirupathi. Opposers of the grant contended that institutions outside the State rarely benefited Mysoreans, and should be abolished in times of stress. On the other hand those in favour of the grant held that the financial situation which was transitory should not blind them to their responsibility for maintaining institutions founded by the ruling house over 120 years ago (long before legislatures themselves existed) under established religious beliefs and traditions and maintained ever since by annual grants. Instead of abolishing these institutions it would be better if they sought to enhance their utility by altering them to suit modern needs. —A.P.

ADDITIONAL POWER FOR DT. MAGISTRATE

Proposed Extension Of B. D. Police Act

Bombay Government Gazette published on Friday gives the text of Bill No. XVII of 1933 A Bill further to amend the Bombay District Police Act, 1890.

In the Statement of Objects and Reasons it is observed: "It is proposed to invest the District Magistrate, subject to the orders of the Commissioner, with the power now vesting in the Commissioner, of extending the provisions of section 61 of the Bombay District Police Act, 1890, to any local area within his control, as the District Magistrate is usually the best judge of the conditions which may necessitate the extension of the section or any of its provisions to a local area. Sub-clauses (1) and (2) of clause 2 of this Bill are intended to carry out this object."

In view of the provisions of sections 39 (1) (a) and 65 of the Act, section 61 (1) (a) is now superfluous, and it is therefore proposed by sub-clause (3) of clause 2 of the Bill to repeal section 61 (1) (a)."
